OCT 10 2018

Mr. Don George  
General Manager  
Classroom Agriculture Program  
PO Box 25197  
Deer Park PO  
Red Deer AB T4R 2M2

Dear Mr. George:

Thank you for your September 13, 2017 letter regarding the Classroom Agricultural Program (CAP).

Agriculture is an important part of Alberta's economy, and I appreciate the agricultural knowledge and experience CAP delivers to our classrooms. The dedication of your organization's volunteers and partners helps to support the teaching and learning of provincial curriculum and provides a rich educational experience to Grade 4 students across Alberta.

Alberta school authorities and teachers are responsible for selecting and approving the resources that are used in the classroom, and I am pleased that programs such as CAP are available to them. As Minister of Education, I recognize the ongoing efforts of the CAP program to inform Grade 4 students about the role agriculture plays in their daily lives.

Best wishes for continued success this school year.

Sincerely,

David Eggen  
Minister
