Mr. Brad Dubeau
Director
Classroom Agriculture Program
PO Box 25197 Deer Park PO
Red Deer AB T4R 2M2

Dear Ms. Leslie and Mr. Dubeau:

Thank you for your January 23, 2020 letter regarding the Classroom Agricultural Program.

As Minister of Education, I am pleased to have this opportunity to recognize the Classroom Agricultural Program as it celebrates 35 years of providing students in Alberta with information about the prominent role agriculture plays in their daily lives.

As a farmer myself and a former Central Alberta CAP Coordinator/Volunteer, I am very aware that agriculture is an important part of Alberta's past, present and future, and I appreciate the work being done through your program to allow students to learn about agriculture from passionate and knowledgeable volunteers.

Congratulations to your board, staff and volunteers on reaching this impressive milestone, and best wishes for continued success in your efforts to educate Grade 4 students about Alberta's diverse and invaluable agriculture sector.

Sincerely,

Adriana LaGrange
Minister
